

Clinical Cabinet Committee Report for the Camden Patient and Public Engagement Group (CPPEG) Operational Meeting

06 February 2019

Chair of Committee	Dr Matthew Clark
Report author	Nisha Patel
CPPEG Representative	Gill Walt
Report summary	This report presents a brief summary of the Clinical Cabinet Committee held on 06 February 2019
Strategic Objectives of Committee	The strategic objectives are: <ul style="list-style-type: none"> • Commission the delivery of NHS constitutional rights and pledges • Improve health outcomes, address inequalities and achieve parity of esteem • Integrate and enable local services to deliver the right care in the right setting
Recommendation	CPPEG Members are asked to note the report.

Items of business discussed

1. Abnormal liver function tests pathway
2. Abnormal thyroid function tests pathway
3. Heart failure diagnosis and assessment pathway

Discussions and decisions made

1 -3: The Committee discussed the above pathways. The purpose of these pathways are to ensure equity of care across North Central London and to reduce variation in diagnosis and management. All of the above pathways have been based on a combination of recommendations from the National Institute of Clinical Excellence, other national guidance and local specialists. All 3 pathways were approved.

CPPEG Representative comments (Gill Walt)	I was unable to attend this meeting and will update following the next Clinical Cabinet Meeting in April
